Open lot to the right included.

More pictures and information can be seen at [this link!](#)

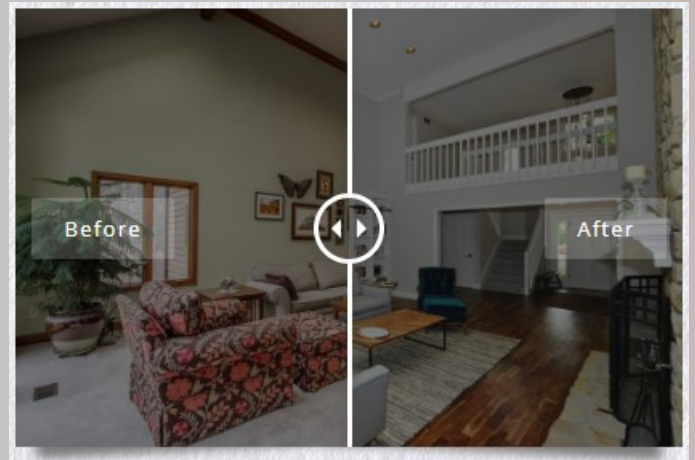

# New GuyCo Website

## GuyCo has a new website!

For almost a year The Guy Corporation has been working with Florida-based Studio98 to design and create a new website. Our front page now showcases four of our divisions: Homes, Remodeling, Commercial, and Realty.

One of the new features include scrolling overlays in the “Before & After” section, where you can drag the bar back-and-forth between the before and after photos.

In the works is a direct MLS portal on our Realty page, where you will be able to search the MLS for a new home directly through the GuyCo Realty website.

# Employee Spotlight: Kim McDaniel

## Get to know a GuyCo Team Member

Hello! My name is Kim McDaniel and I am GuyCo's newest team member!

My education and background is in Interior Design and Sales. After college, I spent nearly a decade in Europe living among the architecture and design styles present from the Nordic Region to the Mediterranean Sea. I've traveled to 47 of the 50 states and enjoyed the regional styles of each. Those experiences are such a gift both personally and professionally.

GuyCo truly promotes a client driven atmosphere where respect, customer care and complete satisfaction is paramount to every project. This mission is not merely a motto, it is a way of life here. For me, having the opportunity to meet our clients and be part of the diverse remodeling and construction jobs is an exciting prospect and an extension of previous work experiences. I look forward to making integral contributions to the GuyCo sales and design teams as our company's success continues to break new ground.

## Have a Happy Halloween!

The air is getting cooler, and the trees are changing colors. Below are some family-friendly fall activities that will surely get you excited about the season.
