Dream Home Progress

We are at the trim, cabinets, and tile stage of the project

Trim, Cabinets, and Tile; Finishes Have Started

The 2017 Indianapolis Monthly Dream Home is barely recognizable from its former self. The electrical rough-ins, plumbing rough-ins, and drywall has all been installed. The addition has been built, and the exterior of the home has been painted black. The concrete was poured in the backyard, and the rear deck was installed. We are now in the process of installing tile, trim, cabinets, and all the bells and whistles on the interior.

GuyCo Homes & Remodeling Earns Esteemed 2016 Angie's List Super Service Award

Award reflects company's consistently high level of customer service

GuyCo Homes & Remodeling has earned the home service industry's coveted Angie's List Super Service Award, reflecting an exemplary year of customer service to members of the local services marketplace and consumer review site in 2016.

This achievement is particularly significant as Angie's List experienced unprecedented member growth in 2016. More than 1.6 million consumers, many of whom were eager to quickly hire highly qualified service pros, joined Angie's List after the company added a new, free membership tier.

"Companies that can meet higher demands without missing a beat in their exemplary performance standards truly do stand apart from their peers," said Angie's List Founder Angie Hicks. "Only a fraction of the remodeling companies in the Greater Indianapolis Metropolitan Area were able to do it."

Angie's List Super Service Award 2016 winners have met strict eligibility requirements, which include an "A" rating in overall grade, recent grade, and review period grade. The SSA winners must also be in good standing with Angie's List, pass a background check and abide by Angie's List operational guidelines.

Service company ratings are updated daily on Angie's List as new, verified consumer reviews are submitted. Companies are graded on an A through F scale in areas ranging from price to professionalism to punctuality.

For more than 21 years, Angie's List restricted access to its verified reviews to consumers who paid membership fees. When the company removed that barrier, some companies worried that the new, non-paying members would not be as engaged as members of the past. Experience has shown, however, that these newly added members are just as engaged – across all age groups – as prior members. Also, because the company continues to adhere to its review verification process, there has been no degradation of review quality.

"The biggest change at Angie's List is that we are connecting even more consumers to high quality service professionals," Hicks said. "And that's good for everyone."

Get to know a GuyCo Team Member

Hello, I would like to introduce myself as the newest member of the GuyCo team. Working at GuyCo, I feel that I have found a great company that really takes care of its clients from start to finish. I really enjoy the fact that we actually fix problems as they arise (most involve improperly installed materials). We don't just cover them up to become a problem later. Additionally, I appreciate that our customer satisfaction is second-to-none. I look forward to the future with my new home at GuyCo.

My experience with construction began when I was in high school. I worked in a cabinet shop with my father, and he taught me a lot while I was there. I then transitioned into rough carpentry, where I started moving up and taking on every aspect of home building. As I got older I constantly improved on my quality and knowledge of the clients' needs.

Thank for taking the time to read a little about me. I look forward to working with you on your next project.

Lead Carpenter & Punch-out Supervisor since December 2015
